Actual Photograph of **BACK'S Hollander Cabbage** taken October 1, 1919, at Rasmussen & Iversen, R. F. D. No. 2, Kenosha, Wis.

Cabbage Seed is our leading **Specialty**, and we recommend **BACK'S Own Strain** to any one who wants the **Best**.

BACK'S Strain of Cabbage Seeds are grown in the **Northern Part** of **Denmark**, from the very **Best Selected Stock**, by reliable Seed Growers, whom we know personally, and we firmly believe **BACK'S Strain** of Cabbage Seeds to be the most **RELIABLE YOU CAN BUY**.

BACK'S Strains of Cabbage Seeds are **True to Name**.

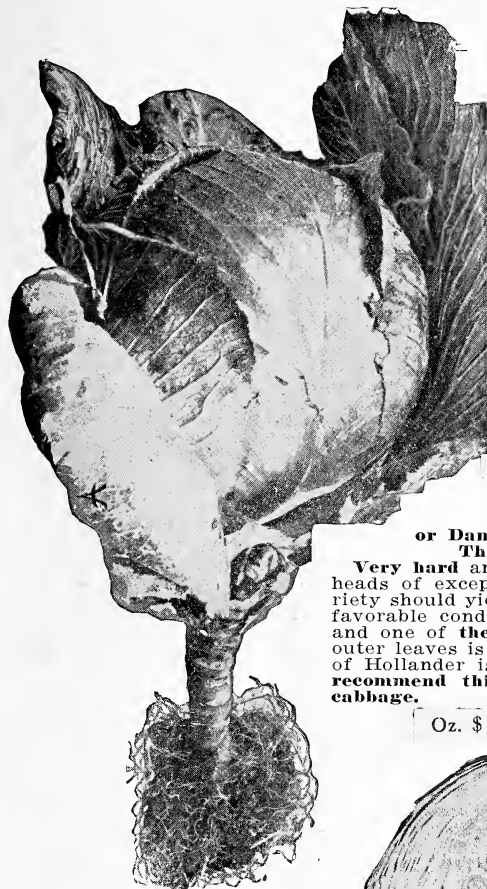

BACK'S Strains of Cabbage Produce the **Biggest Crops**.

BACK'S Strains Produce **Large uniform Heads**.

BACK'S Strain Can be **Depended upon**.

All Seeds of **BACK'S Strain** are **Disinfected** by us.

The germs of some of the worst cabbage diseases such as **Black-Rot** and **Black-Leg** have been found to overwinter on Cabbage Seed, thereby causing loss of entire Fields. For this Reason We **Disinfect All our Cabbage Seeds** of **BACK'S Own Strain**, thereby making it **Superior** to all other Cabbage seed.

BACK'S Hollander

Wisconsin Hollander

"Yellows" resistant strain of cabbage developed under the direction of the University of Wisconsin, at Racine, Wisconsin. Its disease resisting qualities are amazing. Our Wisconsin Hollander seed is grown for us by one of the best growers in Racine.

Back's Copenhagen Market

Best Early Cabbage

The heads are exceptionally large, very solid and of most excellent quality. The plants are vigorous but compact with short stem. **BACK'S Strain Produce** very large round heads.

Oz. \$.50, $\frac{1}{4}$ Lb. \$1.50, Lb. \$5.00

Back's Glory

The Best Second Early Cabbage

The Best Second Early Cabbage

From two to four weeks later than Copenhagen Market and will keep late without busting. The plants are very strong growing and produce large round heads.

Oz. \$.50, $\frac{1}{4}$ Lb. \$1.50, Lb. \$5.00

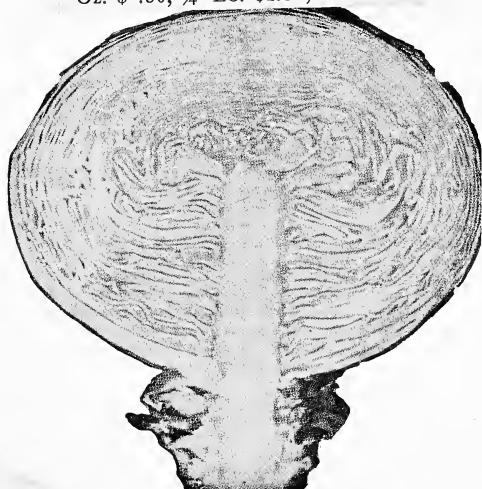

Back's Hollander

or Danish Ballhead Short Stem

The Best Late Cabbage

Very hard and solid and produce large round heads of exceptionally good quality. This variety should yield over **25 tons** to the acre under favorable conditions. It is a good **late Keeper** and one of the **Best for Storage**. The color of outer leaves is Bluish Green and **BACK'S Strain** of Hollander is thereby easily recognized. We recommend this to be the most reliable late cabbage.

Oz. \$.50, $\frac{1}{4}$ Lb. \$1.50, Lb. \$5.00

BACK'S Hollander

Oz. \$1.50, $\frac{1}{4}$ Lb. \$5.25, Lb. \$20.00

Our seeds are grown for seed purposes only and are the best there is to be had.

We list only varieties of merit: those that we know can be relied on. Our seeds are packed fresh each year.

All varieties are sold in 5-cent packages unless otherwise indicated.

We pay all parcel post and express charges on seeds ordered from this catalogue.

Giant. Choice Mixed. **Oz. 75c.**

GLADIOLUS

The Gladiolus is one of the most decorative plants in the garden, and as a cut flower lends itself readily to any arrangement. If the spikes are cut when the lowest flower is in bloom, the others will open in succession and remain fresh a week or ten days. No flower has gained more rapidly in public favor than the Gladiolus; this could not well be otherwise, for in addition to the great intrinsic merit of the flower, it is hardy and blooms the first season from bulbs.

All our Gladioli Bulbs are large and not to be compared with small sizes offered cheaper elsewhere.

America. Very light pink, exquisitely tinted with lavender. Much valued for freedom of bloom and size of flower spike. Each 6c; doz. **65c.**

Agusta. Pure white, with blue anthers. Strong, straight spikes. Each 6c; doz. **65c.**

Baron Hulot. Flowers dark velvety purple. One of the very best so-called blues. **Each 10c; doz. \$1.00.**

Europe. Pure white. One of the very best of this class. **Each 15c; doz. \$1.50.**

Mrs. Francis King. A most effective variety for decorations. Spikes are extra long; flowers brilliant pink, blazed with vermillion. **Each 6c; doz. 65c.**

Mrs. Frank Pendleton. One of the largest size and most exquisite color. Delicate flushed salmon pink with rich maroon blotch on the three lower petals. **Each 15c; doz. \$1.50.**

Myrtle. Tender and delicate rose pink. One of the most beautiful pink varieties yet introduced. **Each 15c; doz. \$1.50.**

Panama. Rich rosy pink. Large fine flowers. **Each 10c; doz. \$1.00.**

Peace. White with pale violet feathering on lower petals. Very large flowers well placed on a tall graceful spike. Should be planted early. **Each 10c; doz. \$1.00.**

Priniceps. Brilliant scarlet crimson with blotch of white in throat of the three lower petals. **Each 10c; doz. \$1.00.**

Schwaben. Very vigorous and free flowering. Color clear canary

yellow shading to sulphury yellow when open. **Each 15c doz. \$1.50.**

War. Deep blood red shaded crimson black. **Each 15c; doz. \$1.50.**

Empress of India. A new brownish red, one of the darkest reds grown; flowers large, in fine spikes; very rich and showy. **Each 10c; doz. \$1.00.**

Chicago White. One of the earliest varieties to bloom; 5 to 7 flowers open at one time—almost pure white. **Price, 6c each. Doz. 65c.**

Niagara. A new cream colored variety, resembling America, but the flowers are larger, measuring 4½ inches across—see illustration. The flower spike is very erect and stout; dark green foliage. **Price 10c each; doz. \$1.00.**

Hallex. Salmon pink, very early; one of the best. **Each 7c; doz. 75c.**

Velvet King. Dark red. **Each 10c; doz. \$1.00.**

Select Standard Mixture. We recommend this choice mixture with perfect confidence as composed of only the most desirable varieties that can be depended upon to produce a most satisfactory display of magnificent flowers in many shades and colors. **Each 4c; doz. 40c; 100 \$3.00.**

DAHLIA

There are few flowers that compare with the Dahlia in charming diversity of form and wide range of brilliant colors, and certainly no other surpasses it for autumn display in the garden as well as for cutting.

Countess of Lonsdale (Cactus). Apricot shaded salmon red. An early, very attractive cactus variety. **Each 25c; doz. \$2.50.**

Delice (Decorative). One of the very best bright rose-pink decorative dahlias long stems for cutting. **Each 25c; doz. \$2.50.**

General Buller (Cactus). Rich, crimson tipped with white. Very attractive. **Each 20c; doz. \$2.00.**

Golden Eagle (Cactus). Orange yellow suffused rose and fawn. **Each 25c; doz. \$2.50.**

J. H. Jackson (Cactus). Very large, rich velvety maroon. **Each 25c; doz. \$2.50.**

Jack Rose (Decorative). Large brilliant crimson. One of the best decorative dahlias for garden or cutting. **Each 25c; doz. \$2.50.**

Merlin (Show). Bright orange scarlet. Early flowering. **Each 25c; doz. \$2.50.**

President Viger (Colarette). Richest garnet with smaller collar of white. Exceptionally attractive. **Each 25c doz. \$2.50.**

Dahlia. Double yellow. Each 20c;	Dahlia. Double red. Each 20c; doz.
doz. \$2.00.	\$2.00.
Dahlia. Double white. Each 20c;	Dahlia. Double mixed. Each 15c;
doz. \$2.00.	doz. \$1.50.

CALADIUM

Esculentum. Known also as Ele-	First Size Bulbs. Nine inches and
phant's Ear.	over in circumference. Each 30c;
	doz. \$3.00.

"RACINE PARK LAWN GRASS SEED"

This Lawn Grass Seed Mixture IS THE FRUIT OF MANY YEARS OF EXPERIENCE AND CLOSE STUDY OF SOIL CONDITIONS IN RACINE COUNTY AND IS UNDOUBTEDLY THE BEST THAT CAN BE HAD.

It is composed of the highest grade Lawn Seeds, having the highest purity and germination there is to be had.

By its use a deep green velvety sward free from lumps can be produced in from four to six weeks.

The remarkable heavy demand for RACINE PARK LAWN GRASS SEED this past year proves the quality. 1 lb. will sow 175 square feet, 100 lbs. to the acre. Lb. 40 cts; 10 lbs. \$3.75; 25 lbs. \$9.00; 100 lbs. \$35.00.

"OAK SHADE LAWN SEED"

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf growing, ever green varieties, which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss and coarse grasses. In such cases an application of slaked lime, at the rate of one bushel to each thousand square feet, or forty bushel to the acre, is an excellent corrective and sweetener, but the moss should be first removed by the use of a sharp rake. 1 lb. 50 cts; 10 lbs. \$4.75; 25 lbs. \$11.50; 100 lbs. \$45.00.

FERTILIZERS

Standard Seed Company's Complete Fertilizer for Garden and Lawn—
Prices Subject to Change

A complete manure, especially adapted for the top dressing of lawns. It is odorless, clean and convenient to use. Sow broadcast, in early spring, just as the grasses are starting into growth; it will be found of great benefit in producing a nice, healthy growth of turf. It is much easier to use than a top dressing of stable manure, which very often introduces a large crop of vile weeds into lawns, besides being very unsightly. Quantities required and prices:

10x 25 feet, use 5 lbs.; price.....	\$0.35
20x 25 feet, use 10 lbs.; price.....	.60
25x 50 feet, use 25 lbs.; price.....	1.30
25x100 feet, use 50 lbs.; price.....	2.50
50x100 feet, use 100 lbs.; price.....	4.00

Standard Seed Co., 512 Sixth St., Racine, Wis.
